18"	£39.95	N/A

An extra charge of £3.00 per basket is made for special colour requests.

# Summer Hanging Baskets Care Advice

ASK ABOUT OUR  
Winter Refill Service

Our mixed baskets have a "Springwell Mixture" consisting of 14 or more plants, i.e., a 14" basket contains: Ivy Leaf Geranium, Nemesia, Trailing Begonia, Fuchsia, Foliage, Million Bells Petunia, Verbena, Bacopa, Lobelia (3), with a central planting of Petunia, Busy Lizzie and an upright Geranium. Also included in all baskets are water-retaining Swellgel and Osmocote slow-releasing fertiliser.

From mid-May onwards there will be over 200 baskets available for purchase off the peg. If you need a large quantity of baskets for a special occasion, Springwell can meet your needs.

For advice and estimates for planting up wall mangers, troughs, terracotta pots or any other container, please speak to any one of our staff.

All our baskets incorporate water retaining Swellgel and Osmocote slow releasing fertiliser, however we recommend the following care procedures for the best possible results:

**Mixed Baskets:** These are designed to perform well in most aspects. Baskets should be checked for watering daily and ideally fed once a week. All plants should be dead-headed weekly, especially the Fuchsias and Petunias, this ensures continuous flowering.

**Fuchsia Baskets:** These require a lot of water and should be checked every day. Dead blooms should be picked off regularly behind the seed pods, feeding once or twice a week will produce more and better blooms, Fuchsias prefer only half a day's sun and may suffer in a very hot position.

**Geranium Baskets:** Geraniums are sun lovers and are slightly more drought tolerant. Ideally they should be well watered every 2 or 3 days or more often in extremely hot weather. For best results, feed once a week or at every other watering, remove dead blooms.

**Petunia Baskets:** Petunias are sun lovers. Check for watering daily and feed twice a week. Remove seed pods regularly.

“ Remember we recommend using Miracle-Gro on all our hanging baskets. If you need any further advice feel free to ask. ”
